I. Our Primary Purpose

Traditions: One, Five, Nine, Ten, Eleven, Twelve.

Concepts: One, Eight, Twelve.

Spiritual Principles: Attraction, Communication, Contact, Responsibility, Hope, Integrity, Reflection, Service, Vigilance, Unity, Wisdom.

It is the mission of the Arkansas Region Social Media to carry a clear and consistent message of recovery in keeping with the 12 Traditions of Narcotics Anonymous. The Arkansas Region Social Media is intended as a point of access for information rather than as a platform for social engagement.

II. Our Common Welfare Should Come First

Tradition: One.

This project is a Public Relations effort. A public Social Media can be seen by anyone on the internet. Anyone who posts on it or comments on it is, in effect, representing Narcotics Anonymous in the eyes of anyone with an Internet connection. For this reason, it is essential that we conduct ourselves in keeping with the 12 Traditions, 12 Concepts, and spiritual principles of the Narcotics Anonymous program.

If inappropriate material is posted, or arguments take place between those managing the Social Media and those following the social media account(s), this reflects badly on the fellowship as a whole.

If we lose access to Social Media because a trusted servant fails to learn about and prevent security threats, our Social Media could fall into the hands of strangers who do not care about our principles or our message.

For our common welfare (Tradition: One) and with respect for other groups and Narcotics Anonymous as a whole (Tradition: Four), we ask that all trusted servants who work on this Social Media exercise the willingness to learn the skills and tools outlined in these guidelines.

III. Goals

Traditions: Five, Eleven.

Concepts: Eight.

Spiritual Principles: Attraction, Communication, Contact, Purpose, Service.

1. To drive traffic to our website, our meetings, our literature, and our helpline.
2. To increase attendance at our events.
3. To increase involvement in our service committees.

IV. Internal Objectives

Target Audience: Arkansas Region Narcotics Anonymous Members

Traditions: Five, Eleven.

Concepts: Eight.

Spiritual Principles: Communication, Service, Contact, Attraction, Purpose.

1. To provide inspiration and recovery support for Arkansas Region Narcotics Anonymous members by posting quotes from Narcotics Anonymous literature.
2. To attract members to service committees by providing information about what they do and how to get involved.
3. To attract members to Arkansas Region events.

V. External Objectives

Target Audience: Community at large, potential Narcotics Anonymous members, Narcotics Anonymous members from other Regions and Regions.

Traditions: Five, Eleven.

Concepts: Eight.

Spiritual Principles: Attraction, Communication, Contact, Purpose, Service.

1. To attract newcomers to our meetings and events.
2. To provide a social media platform that increases community awareness about the message of Narcotics Anonymous.
3. To provide daily postings of scheduling information about Arkansas Region meetings for those who frequent social media for information.
4. All Internal Objectives.

VI. Accountability

Traditions: One, Five.

It is strongly recommended that all Social Media Project Team Members set up secure passwords and change their passwords at least every three months (See Tools Required). To protect the security of the social media account(s), passwords should not be shared with ANYONE who has not gone through the training outlined in this manual.
5. Do contact the Social Media Project Coordinator, Social Media Security Team Member or a Social Media Admins if there is a concern that arises. Do not handle it alone.

Don'ts:

1. Do not click on ANY links sent to Social Media via private message. NO EXCEPTIONS. This is the primary method through which Social Medias are hacked. social media account(s) will NEVER send private messages to a social media account(s) for any reason. social media account(s) sends messages via email and in the support inbox of personal profiles. Failure to adhere to this rule will result in the Arkansas Region permanently losing access to our Social Media. As this would damage the reputation of Narcotics Anonymous, it is of paramount importance that we maintain social media account(s) security.

Team Members should not share their profile passwords with friends or family members, as these individuals have not gone through the security training for Team Member positions and might click on a

link that could jeopardize the safety of the social media account(s). Many social media account(s) admins create an additional profile for managing social media account(s)s. XIII Glossary:

Additional terms may be added based on feedback from groups.

Admin

- Admin is the official social media account(s) terminology for someone who manages a public Social Media. It's an abbreviation of "Administrator."

Creative Commons Zero

- This is a legally operative term that extends licensing of published works to anyone who wants to use them. There are different types of Creative Commons licensing – attribution required, personal use only, commercial use, no attribution required, etc. Creative Commons Zero allows the user unrestricted use of the work (for example, images or memes). This is different from the Public Domain Mark, which is not legally binding. Please note that just because an image (or other work) is made available on the Internet, this does not mean that it is in the public domain. Most images (and other works) on the Internet are restricted by copyrights. Just because we can find it doesn't mean we can use it. Creative Commons Zero is abbreviated as CC0.

Content Curation

- "Content Curation" is social media lingo for "collecting material." In the case of our Region Social Media, this would refer to quotes from Narcotics Anonymous literature, Creative Commons Zero images, anonymous testimonials, PSAs, etc.

Content Creation

- For our purposes, this refers to making posters and videos for the social media account(s), writing status posts, writing the About section of the social media account(s), etc.

Social Media Account(s)

- In social media account(s)-land, this is the shorthand social media term for a public Social Media.

Social Media Account(s) Role

- Social Media has terminology that it assigns to specific jobs people have on the back end of a Social Media. These jobs come with varying degrees of permission (i.e., what they are able to do). For example, an Admin is the only role that can add or remove other people managing the social media account(s). For more information and to see other roles, click here.

Properly Attributed

- After reviewing The Narcotics Anonymous Fellowship Intellectual Property Trust and speaking with Public Relations and the Fellowship Services Team at NAWS, our Website Coordinator discovered that because we are a service board, we are allowed to use limited portions of the Narcotics Anonymous literature provided that we provide the registered Narcotics Anonymous trademark (including the trademark symbol) and the following statement of copyright:

© [year] Narcotics Anonymous World Services Inc. Reprinted by
Permission. All Rights Reserved. Status posts quoting the literature will
bear the same statement of copyright.

QR Code

- This stands for “Quick Response Code”. A QR code is the square barcode you see on packages and websites that looks like an inkblot. It’s a two-dimensional machine-readable code that stores the link to a website, and it can be read from your smartphone using an app called QR Reader. For example, on our Region business cards, the QR code takes you directly to the meeting list page on our Arkansas Region website. (See illustration.)

Verified (Pages or websites)

- Our research revealed that there are a ton of websites, Social Medias, Instagram Pages and social media account(s) pages/groups that bear the name of Narcotics Anonymous. Unfortunately, many of them are individuals posting as the Fellowship, without the knowledge or permission of the Fellowship. These individuals are violating the 12 Traditions of Narcotics Anonymous, the 12 Concepts of Narcotics Anonymous, the Fellowship Intellectual Property Trust of Narcotics Anonymous, and the Narcotics Anonymous Public Relations Handbook. For this reason, any time we share material from outside our Region or material that was not created by our Social Media Team Members, we will vet the Social Media or website to make sure that it is run by an authorized Narcotics Anonymous service board or committee in observance of the Traditions.

Uploading Content

- Clicking “Save As” and saving an image or meme to your phone or computer, then posting it to a Social Media (uploading) is almost always a violation of someone’s copyrights. (See Content Guidelines)
