Subcommittees - SEE ATTACH REPORTS

- **Policy and Procedures** (Marc S.): see attached report
Eric - are there any questions for Marc regarding that highly detailed report?
Wendy - Will that be in the minutes? When are the minutes available? In 2 weeks, not 2 months.
- **Convention Committee Chair** : Charlene S. absent. Report attached
Alicia - Current Balance \$8,316.47
Ashley - Hey Alicia is that zoom meeting open for anyone? Like if someone in my area wanted to get in on that.
Alicia - yes, its gone to every area asking
Chad - If we have stuff to donate, who do we need to give it to.
Alicia - I would just say bring it to the next region bc we are meeting in central.
Wendy - What's your position in the convention committee?
Alicia - I had been the secretary, since the secretary had resigned and the person that said they was willing to do it has not come, so I have been there and taking notes and helping with the secretaries.
- **Phone line Coordinator** (Alicia A): Report Attached.
Alicia - Phone line is updated under meeting update. Started process in May of 2022. Minutes are now updated on the website. Events - ARSCNA.org- submit events - Meetings and events update to meetings@arscna.org We had a workshop at AWOL today.
Chad - Cabot started a new meeting do they need to get that to you.
Alicia - No not me. Email it that way that whoever is supposed to get it will get it. So its not person dependent.
David - Can we not get the calendar back, bc if you go to the website you use to look at a whole month at a time, you can't see more than a month.
Alicia - I will be asking to get that changed back.
David - So who does that?
Alicia - Our web servant, I am liaison to that.
Marc - I assume feb minutes are not on here. I thought they could be posted afterwards.
Alicia - I will have to see. Posted 6 months out. Amendments in the next quarter. PDF, consolidated it so it's not like 50,000 pages long
Marc - There's a RCM report form, there was a google form to improve reports. Which asks you to make a copy. PDF form thats a print off and write on. The online google form gets emailed directly to the secretary. And somebody has added an online set _____. It wasn't approved. We want to simplify it for the RCM. That makes it a 4 step process.
Alicia - I see what you're saying.
Marc - For those of you that dont know. Google form allows you to fill it in. so when you set it up you go online it emails you a copy, if you are doing a report it emails the secretary.
David - So when I go to meeting notes. It says copy but it doesn't give me the option to write on it.
Marc - You have to have the app. And the google form one you just have to fill out the blanks. Good job Alicia way better.
Alicia - Google docs, google sheets and google form is going to stay. From the secretary point of view, that is more difficult. That's why there are sheets. PDF. Copy and Paste.
David - Who is doing the website?
Alicia - Our web servant. Jennifer.

Arkansas Regional Service Committee of Narcotics Anonymous Minutes
May 6-7, 2023 Hosted by A.W.O.L. Area

David - So is she doing it or are you doing it? Cause I hear both.

Alicia - I send it to her what to upload. I send her copy. She's our paid web servant. She's the one that accesses it. I can't do that.

Terri - I'm a fan of cut and paste, just send it in a word document.

Marc -

Eric - Questions?

Marc- World recognizing virtual meetings, how hard would it be for us to verify they have an Arkansas address.

Alicia- NAWS

Chad - Oklahoma virtual meeting part of our arkansas area, shouldn't they be included in our region

Marc - Maybe they need to be included as a loner group. They need to meet certain criteria to be on our list.

Alicia - We can't dictate who can be on our list.

Marc- Maybe we can be the example and RCMs go back to their area and let them decide what criteria and if they want to include them

Eric- NAWS, recognized virtual and that changes the composition. We need to be proactive and not reactive.

- **Inmate Communications:** Ashley and Eric attend zoom. Email from Crystal:

Here is the ADHOC for Inmate letters. I made plans with Ashley and Eric for March 19th at 10 AM to meet via zoom. I also invited a member from FTS area to attend. The meeting was attending by only 2 people total, but we feel confident that the body will have some good ideas to come to a decision on how to proceed. I do apologize for not making the meeting, I had a last minute event come up that could not be missed. Thank you, Crystal S

Marc - We might be breaking traditions without recognizing it. No one has been trained to respond to these letters. There are no guidelines for how to respond. World has some guidelines. We need to have some policies and procedures for this type of correspondence.

Ashley L.- I feel like i can appropriately respond with the training we had this morning

Alicia - there is actually an institutional book that instructs how to start a meeting on their own. I have suggested in past that we get a virtual box \$15 a month, you get a choice to scan and copy, deposit checks, these are legit companies that can address these more promptly.

Marc- discussion of ADHOC

Ashley

Wendy - Minimal suggestions, adhoc not dissolved but needs support.

Marc - nows there is supports and guides the adhoc on how to find resources and how to move. IE procedures and how to use existing guidelines.

Wendy - tasked adhoc with a plan and we let her on the table.

Marc - can we do this in new business.

Alicia - CRANA asking for meeting list and facility to help with a meeting list.

Eric - This person is being released soon. They are going to Conway and are requesting a meeting list

OPEN SHARE-

Ashley - I would like to see the cut and dried made when the actual RSC meeting is going to start from now on. Feel like there was a lot of, like ambiguity. Like are we going to do is Saturday for workshops? Are we gonna start later in the day? If everybody's here, what if everybody's not here? You know what I mean? I would just like to say. From now on. It not be a Gray area, I feel like at the very least this body, we could pull together and figure out what time we're going to start the RSC meeting. You know, because my alternate isn't here and she wanted to be she thought that it would be fun to just show up on Sunday. Cause I mean honestly, that's what I told her because I thought that Saturday was gonna be for Workshops and fellowship and promoting unity and within region and information, right. And then Sunday was going to be the actual RC meeting. So, I would just like to see that, I mean, if we're not gonna, I'm not saying we have to do it on Sunday. But if we are going to start on Saturday, then I think we need to like, OK, we're going to start at 3:00 o'clock on Saturday or whatever.

David C. - On the same note, I agree. Can we not start workshops on Saturday morning could we move those up to 10 o'clock. Reason is if I don't want my area to spend an extra \$100 for two nights for a hotel. If it's at 10:00 o'clock you can get up and drive pretty much anywhere on Saturday morning. Having to come up on Friday night and spend another night. My area spent \$400.00 for us to be here this weekend. I'd like to see us start the workshop at 10 on Saturday, RSCM at 1, and finish on Sunday.

Wendy - I started a motion to formalize the agenda, including starting at some taking some guidance from our policy and procedure in reference to the guidelines more will be revealed. Second thing I have and then brought up the calendar format and there's some issues that....We've got a beautiful website in my area and Area Group won't close their ship. I'm like, I know it's going on, but to emphasize everything. I've been on the website because I've gotten on. I go to the website. I recommend newcomers Americans and memorize subsets like that's where your most up-to-date meeting information is that you linked to more narcotics anonymous information. I don't do Facebook, I go to the website and it seems like there's a lot of stuff floating around on other's social media, so it's I think I brought it up at last region. I humbly requested, if anything kind of official discussion going

Arkansas Regional Service Committee of Narcotics Anonymous Minutes
May 6-7, 2023 Hosted by A.W.O.L. Area

on that might be on a social media format, I have no idea and I feel like yall are talking behind my back. I'm out of the loop or whatever, but that's all I've got thank you.

Marc - Just to add to that, Wendy and I will discuss that there are clear points in our guidelines clear points of accountability on who sets the agenda, who decides on the workshop. Right now it says, chairperson does it. But if you think about what happened this weekend. I didn't know we were having a phone line workshop until last night. How is that decided? Consultation with who, when did all that stuff get decided. The decision that region will come to an area and will create interest in NA and in service. Revitalize that you know, stuff that we lost during covid, with action in our primary purpose. So, that motion that Wendy is preparing, I'd like to see it also, but officers in there instead who's contacting whose. Otherwise it slips through the cracks.

David C - On that same line I believe we can set the agenda on time. I would really like to take the line from the southern zonal and maybe the workshop be up to the hosting body so that that area can decide what it needs at the time.

Marc S - That's part of what's going to happen the host area needs to tell us, we need a chair workshop or, like H&I, PR, and Service work.

Alicia - 2 things. 1st thing on guidelines on page 11, number 3 Rotations and meetings. Agendas and workshops and who they should be coordinating. It says the vice Chair will oversee workshops and make contact with the hosting area. It actually outlines what's supposed to happen and who's suppose to coordinate with who and I will say that last region we actually discussed having the phone line workshop this region and everybody actually agreed on it at last region. I know the flyer went out later and Ryan and I went back and forth about the timing and everything. Agenda and workshops are two, I mean they they should coordinate together, but I'm just pointing out that in our guidelines, If we're going to make guideline changes, we need to also be cognizant of the fact that it does state Who is coordinating the workshop and who they're coordinating with? It says the regional Vice Chair will oversee the workshop and serve as a contact for the hosting area. The hosting area and coordinate the meeting and the workshops. The second thing, and I agree that maybe we should start them a little later in the day so people can drive in. Because we don't have money to pay in travel fund so thats one thing. Last, I would like to make um, kind of an overreaching amends to RSC for any bookkeeping errors that I've made to get us in such a situation where we are so grossly underpriced reserve. As you can tell I'm a perfectionist. And so it just it really bothers me that I feel like I am contributing factor to where we are financially, not because I did anything unethical but that I thought I was doing a better job than I was. I thought I was doing a great job, but now I'm realizing I didn't do that. All I can do is just not.... (inaudible) money ever. Thats all.

Eric - Regional vice chair will oversee workshops and service contact for the hosting area/lonar group. That is not listed in duties of vice chair.

Marc S. - So there are a few areas that have some inconsistency. I was wondering if we could table this because we won't get this sorted out this weekend.

Joseph - Table it. Table it. Order.

(discussions on agenda for RSC weekends)

Chad S - When I came in we did one day regional meetings on Saturdays. Why don't we do regional meetings on Saturdays and workshops on Sundays?

Arkansas Regional Service Committee of Narcotics Anonymous Minutes
May 6-7, 2023 Hosted by A.W.O.L. Area

David – In the past, we would do workshops, we actually had a break in our format where we did, well like we did today, open sharing we stopped, Sunday morning we started with the admin committee and then we did the rest. Why can we not use that as a format going forward? We don't have to reinvent the wheel. Go back to the old schedule of the 2 day RSC.

Ashley - Everyone fought tooth and nail to make this a one day event. And now we're... this is insane.

Alicia – David is talking about a time before a time. Where we were like if we hurry up we can get this done and we can do this today and we don't have to stay until tomorrow. So people were rushing through Saturday. So then we were like well we are doing it all in one day so lets just make it official that we are only meeting one day. So if we are going to do the old schedule then we don't need to be rushing. People, areas were still paying for, areas already paid for the weekend and people were packing their bags and checking out. Having a dedicated start time...

David - I like the 2 day. 1 It allows us to include the local fellowship through whether its a function, it lets the people and AWOL know that Narcotics Anonymous isn't just RC. It lets them see people from everywhere. I think it's important. I'm glad to see it back.

Eric - that is all the time we allotted for open sharing. Does anybody want to extend the time for open sharing?

Alicia – So I know this maybe something you guys discussed in your admin meeting, but we need to talk about the treasury stuff and the outstanding check to the southern zonal form. My suggestion would be for us to get in contact with them asap and A. ask them to not cash it and then the admin needs to discuss and we all need to discuss what to do about tomorrow about the motion we passed to send the money. So we will have some expenses that will come out between now and next region. Like our phone line \$429 that's going to come out. We are paying AWOL today, that's going to come out for hosting. So we have some expenses that are going to come out sometime. We need to decide as a body are we going to call, you know, we have some checks that came in that's like a \$1000 bucks but I mean that's still don't going to cover and get us to where we have a prudent reserve. So I was just, that whole asking southern zonal to hold the check and not cash it, I think is the, I mean as much as it pains me to call and say, Hey we made a mistake at the same time I think that is the best thing to do for our plan.

Eric - Is there any opposition to doing this?

Marc – I think we should just let the check go, and ask them to put it on the books. Our guidelines, policies and procedures clearly state that anything over prudent reserve goes to, to... (inaudible) and the other part is that we need to remember is prudent reserve we don't go over prudent reserve. So our job is to be financially cautious and bring our prudent reserve back up. So if we run into something like this again we'll ... that's my advise on how to move forward on this.

Yvonne – so the check to zonal form we ask them to....

Marc - The RD will report that to them at the summer. Or just say, was running into financial difficulty but we did in February, may this donation, which we would like...Southern Journal to use towards the phone. We already look like we have egg in our face from the

Arkansas Regional Service Committee of Narcotics Anonymous Minutes
May 6-7, 2023 Hosted by A.W.O.L. Area

bounced checks from last time. They were good about it but we don't need Arkansas looking like, well....

Terri - I can't type if everyone is talking at the same time

Eric - Is there anything else?

Marc - yes, do we really need to record open discussion in our minutes?

Terri - No, ha ha

Marc - Well, I mean its a form of brainstorming isn't it? The decisions that come out of it are in our motions.

Eric - This is correct, so really its a redundancy.

Marc - Does everyone really need to hear everyone's brain farts? Where in our guidelines does it say that our open discussion needs to be recorded?

Eric - It does not.

Terri - Oh my god that would make my job so much easier.

Alicia - So I would argue that having dialogue is redundant, I think that it is important to say the things that we are talking about. Sometimes they don't make it to motions or we add on to that discussion later or wasn't able to be there for part of the things that was discussed. So I would argue that to put things into topics. If it happens at this meeting it needs to be recorded even if its just a synapses.

David - I agree that even if, I will take back to my area that we discussed this and this in open sharing. Not what was said but what this is the topics that was talked about. Just the topics. Isn't that how we do our minutes is just the highlighted parts.

Eric - Any opposition to closing open sharing? Closing open share! 9 Admin tomorrow morning resume meeting. 10 RSC meeting. Eating at 6. Meeting is at 8 pm

Eric - Call to order. Done, 9 oclock.

Alicia - I just want to say, if you want to be nominated for something tomorrow you need to be here

Joseph - Circle up and close.

G&P Report - May 2023

Arkansas Regional Committee of Narcotics Anonymous - May 2023

Marc S. - Chairperson for G&P

Appendix E has been updated but I forgot to get copies for everyone. I will be getting it to the website. I haven't prepared the flow charts as there may be updated after and if we pass the motion to rename phonenumber coordinator.

Right now, Appendix A is Rules of Order - Definitions, Appendix B is Rules of Order Short Form, Appendix C is Treasury Maintenance (which may need updating if the Treasurer and Admin are willing to look at it and propose changes), Appendix D is the RCM Report Form, Appendix E is Amendments to Guidelines and Policies since the last version was adopted, Appendix F should be both the flow charts, Appendix G & H are the Reconciliation Report and Restitution Agreement respectively, and Appendix I is the RCM Note Taking Form.

In February 2024, Appendix E motions will become part of the main document and a new set will be printed for everyone. Appendix E will then be blank again.

I'm almost positive there will be more changes today as well as in the next half year so please remember to look at Appendix E for updates, additions, and changes. For example, after today, we should have a change to the naming of the Phonenumber Coordinator position, updated flow charts with those correct names, and any other changes to policy we make.

If you are not aware of the duties of each officer, please make sure you check them out. It really helps to know who is responsible for completing what task and when.

Last region we passed Motion #6: Admin to meet virtually 6 weeks after Region to build a working relationship and follow up on outstanding tasks to be #7 pg 18 under Admin Committee Duties, but we neglected to add it to the duties of any officer to coordinate. Similarly, our Audit procedure doesn't outline who is to coordinate the meeting for the audit, which is probably why some members were left out, why it hasn't been completed, and why the coordination was less than exemplary.

I ask all ARSCNA officers to look at their duties to see if it truly is reflective of your duties and if some things need to added or taken off.

Regards,

Marc S.

May 2023 RSC Phonenumber Report

Phonenumber: There was a Phonenumber workshop conducted this morning and a representative or member from each Area/Loner Group were present as well as several other NA members. We will be updating the phonenumber patch list and removing people who have not been trained in the past 2 years. If you conduct any training in your Area or homegroup, please communicate with me so the patch list stays updated.

BMLT: Please email all meeting list changes should be sent to meetings@arscna.org. All meetings that have been sent are updated. You can download a PDF version of each Areas meeting list or the Regional meeting list from www.arscna.org.

Website: If you have events that are not on the website, you can submit them directly to the website. Even if it is just a “save the date” until you have a flier, please get it posted. Also, please check the calendar when planning events to try to not overlap to encourage more participation. I will be asking to change the event list back to a calendar version for easier use.

In loving service,
